- Fee Management
- Educational Milestones
- Portfolio
- School Directory

If you have more than one student, you can move between their accounts and information here.

The **Gradebook** tab is where you look for ongoing grades (for grade 4 - up) and where you look for end of term grades. This is our **Report Card view** at the end of the quarter and trimester.

You have the ability to log on and make changes to your child's information whenever necessary. The school office is notified of any changes through the approval process.

The **Food Service** tab allows you to check your lunch balance and also Make a Payment on your account.

You are able to make changes to the following information through Skyward Family Access: Family Address, Family Information, Emergency Information, Emergency Contacts, and Health Information.
